WELCOME

Can I thank and welcome all those that have travelled or possibly going to participate in this one off event.

The decision to sell the stud in not an easy one. However, with succession planning a factor and that the next generation are pursuing different things - without enhancing their stud cattle skills, reluctantly we have made the decision, I believe in the circumstances it is right.

I would like to acknowledge 3 people who have been instrumental in building the stud to where it is today.

Firstly Bob Potter who together with Dad - expanded and set the stud in a particular direction, making great progress. Bob was a wonderful person who put his heart and soul into both the stud and the running of Yarram Park.

Secondly Jeremy Upton – the stud made great progress under his direction, moving with the times, he too loved Yarram Park.

Last but not least was Dad – he provided the enthusiasm, interest and balanced approach needed.

I thank all for their tireless effort.

To all those that have worked on the stud over the years – unnamed – thank-you.

To those that purchase – good luck.

I hope you get as much fun and reward as our family have received, I look forward to following the progress everywhere.

Thank you

YARRAM PARK SIRE PROSPECTS, 20 MONTHS

SALE DETAILS

INSPECTION

Day 1 cattle will be available for inspection from 8:30 on the morning of sale.
Day 2 cattle will be available for inspection at the end of Day 1, and from 8am on Sale Day.

CATERING

Morning tea and lunch will be available on both days.

BUYERS REGISTRATION

The buyer's number system will be in operation, so all prospective purchasers will need to register prior to the sale.

PHONE BIDDING

Mobile phone service is very poor around the sale complex; however the sale will be conducted in conjunction with AuctionsPlus using their link phone system and audio Livestream.

SELLING ORDER

The vendor and selling agents reserve the right to alter the selling order.

GST

All lots will be sold exclusive of GST.

INSURANCE

We recommend insurance, which can be arranged on the day with Elders. While all care will be taken with all Cattle prior to delivery, they become the purchaser's responsibility at the fall of the hammer.

DELIVERY

Dick Smith Transport will co-ordinate all deliveries after the sale. **They will work in conjunction with local and preferred carriers to deliver your cattle in the best possible way.**

Please communicate all your transport needs with them. The ownership of the cattle rests with the purchaser at the fall of the hammer. No deliveries of cattle will be occurring on either day of the sale. Deliveries of cattle will commence from the Monday after the completion of sale.

HERD INFORMATION

EU Accredited:
3ARHT000

General

We are proud to be offering the Yarram Park herd in its entirety. After 75 years of breeding, the cattle selected for sale, by industry standard, are some of the best cattle you can purchase in Australia. It's a great opportunity.

Yarram Park genetics have continually excelled in breeding and fattening programs all over Australia.

The cattle on offer in this dispersal sale portray all the attributes that make the breed a success.

Yarram Park cattle are highly fertile, industry leaders in growth and their progeny breed on and on.

With this, the cattle are an absolute pleasure to handle.

Grassfed

All Yarram Park cattle are Grassfed only.

Identification

All cattle in this sale have been DNA tested. The cows and PTIC heifers have their DNA sample matched with their tattoos and cross referenced with freeze branding.

The V calves on offer have their DNA sample registered to the RFID tag which also cross references with their management tag.

(At the time of writing we are awaiting a small number of DNA samples to come back)

Treatments

All Cows and calves have had the following treatments on the 3/10/24:

- Moxistar Long Acting Injection (56 day WHP 108 Day ESI)
(With the exception of later joined cows Lot 111 – Lot 160 who have NOT been treated with Moxistar – they are NOT in a withholding period)
- Deltafix pour on for flies and lice
- Multimin Evolution
- Piligard (V calves only)

** Please note

- Grown cattle are up to date with Pestigard and 5in1 boosters
- V Calves are up to date with 5 in1 status

Pregnancy Testing

All pregnancy testing has been conducted by Matt Dwyer from the Warrnambool Veterinary Clinic. Where possible we have identified the sex of the foetus in the pregnant animals.

We have strived to deliver accurate information regarding calving dates and the sires of the calves in utero. All Females will be pregnancy tested again 2 weeks out from the sale to give buyers full confidence in their status. Any changes will be updated via the supplementary sheet on sale day.

Please refer to the Veterinary Certificate attached on next page for further information on accuracy.

1/11/24

To whom it may concern,

On Thursday the 12th of September, Thursday the 3rd of October and Friday the 1st of November, I pregnancy diagnosed, aged the foetus and where possible determined the sex of the foetus of Hereford heifers and cows at Yarram Park. I expect the foetal sexing to be at least 90% accurate.

On Thursday the 14th of November, I will be reconfirming that the heifers and cows have held their pregnancies.

Kind regards,

Dr Matthew Dwyer (BVSc, NCPD 1226)

Description of Estimated Breeding Values (EBV)

Calving Ease EBV (%) are based on calving difficulty scores, birth weights and gestation length information. More positive EBV's are more favourable and indicate easier calving.

Gestation Length EBV (days) is an estimate of the time from conception to the birth of the calf and is based on AI and hand-mating records. Lower (negative) GL EBVs indicate shorter gestation length and therefore easier calving and increased growth after birth.

Birth Weight EBV (kg) is based on the measured birth weight of progeny, adjusted for dam age. The lower the value the lighter the calf at birth and the lower the likelihood of a difficult birth. This is particularly important when selecting sires for use over heifers.

200 Day Growth EBV (kg) is calculated from the weight of progeny taken between 80 and 300 days of age. Values are adjusted to 200 days and for age of dam. This EBV is the best single estimate of an animal's genetic merit for growth to early ages.

400 Day Weight EBV (kg) is calculated from the weight of progeny taken between 301 and 500 days of age, adjusted to 400 days and for age of dam. This EBV is the best single estimate of an animal's genetic merit for yearling weight.

600 Day Weight EBV (kg) is calculated from the weight of progeny taken between 501 and 900 days of age, adjusted to 600 days and for age of dam. This EBV is the best single estimate of an animal's genetic merit for growth beyond yearling age.

Mature Cow Weight EBV (kg) is based on the cow weight when the calf is weighed for weaning, adjusted to 5 years of age.

This EBV is an estimate of the genetic difference in cow weight at 5 years of age and is an indicator of growth at later ages and potential feed maintenance requirements of the females in the breeding herd. Steer breeders wishing to grow animals out to a larger weight may also use the mature Cow Weight EBV.

Milk EBV gives an estimation of the animal's milking ability. For sires, this EBV indicates the effect of their daughter's milking ability, inherited from the sire, on the 200 day weight of her calves. For dams, it indicates her milking ability.

Scrotal Size EBV (cm) is calculated from the circumference of the scrotum taken between 300 and 700 days of age and adjusted to 400 days of age. This EBV is an estimate of an animal's genetic merit for scrotal size. There is also a small negative correlation with age of puberty in female progeny and therefore selection for increased scrotal size will result in reduced age at calving of female progeny.

Days to Calving EBV (days) indicates the fertility of the daughters of the sire. It is the time interval between the day when the female is first exposed to a bull in a paddock mating to the day when she subsequently calves. A negative EBV for days to calving indicates a shorter interval from bull-in date to calving and therefore higher fertility.

Carcase Weight EBV (kg) is based on abattoir carcass records and is an indicator of the genetic differences in carcass weight at the standard age of 650 days.

Eye Muscle Area EBV (sq cm) is calculated from measurements from live animal ultrasound scans and from abattoir carcass data, adjusted to a standard

300kg carcass. This EBV estimates genetic differences in eye muscle area at the 12/13th rib site of a 300kg dressed carcass.

More positive EBVs indicate better muscling on animals. Sires with relatively higher EMA EBVs are expected to produce better-muscled and higher-percentage-yielding progeny at the same carcass weight than will sires with lower EMA EBVs.

Rib Fat and Rump Fat EBVs (mm) are calculated from measurements of subcutaneous fat depth at the 12/13th rib site and the P8 rump site (from live animal ultrasound scans and from abattoir carcasses) and are adjusted to a standard 300kg carcass. These EBV's are indicators of the genetic differences in fat distribution on a standard 300kg carcass. Sires with low, or negative, fat EBVs are expected to produce leaner progeny at any particular carcass weight than will sires with higher EBVs.

Retail Beef Yield EBV (%) indicates genetic differences between animals for retail yield percentage in a standard 300kg carcass. Sires with larger EBVs are expected to produce progeny with higher-yielding carcasses.

Intramuscular Fat EBV (%) is an estimate of the genetic difference in the percentage of intramuscular fat at the 12/13th rib site in a 300kg carcass. Depending on market targets, larger (more positive) values are generally more favourable.

Net Feed Intake (Feedlot Finishing) EBV (kg) is an estimate of genetic differences between animals in feed intake at a standard weight and rate of weight gain when animals are in a feedlot finishing phase. NFI-F EBVs as expressed as kilograms (kg) of feed intake per day. Lower, or more negative, NFI-F EBVs are more favourable. For example, a bull with an NFI-F EBV of -0.6 kg/day would be expected to produce progeny that eat less feed per day than the progeny from a bull that has an NFI-F EBV of +0.8 kg/day (when the progeny are of similar weight, are growing at a similar rate, and are in a feedlot finishing phase).

Hereford Pedigree Abbreviations:

In accordance with Herefords Australia regulations, the following abbreviations appear in the pedigree of animals denoting their horn status.

(H)	=	Horned
(H#)	=	is a horned animal either containing Polled genetics OR missing a percentage of it's four generation-horned pedigree
(P)	=	Polled
(PP)	=	Homozygous Polled
(S)	=	Scurred (Note: The scurred gene is independent to the polled gene. It gives no indication of the level of horned or polled progeny that will result from this sire.)

YARRAM PARK HISTORY

- 1949 The Yarram Park Hereford Stud was established when 15 cows were selected from Woodhouse stud.
- "Woodhouse" - the property - was owned by the Baillieu family and was taken for soldier settlement prior to 1949.
- Bulls purchased were Golf Hill Facsimile and Coliban Major.
- To that point bulls had been bred to supply the need in the commercial herd.
- 1955 it was decided to expand and improve the stud.
- 16 Females were purchased from Colly Creek.
- Further opportunities were taken with purchases from Albany, Bon Spiel, South Boorook and Midgeon.
- 1956 after a visit from Captain de Quincey the decision was made to purchase a bull from "The Vern"- Vern James. Both sons and daughters were used extensively in the next few years.
- 1961 Silverton Czar was purchased.
- 1963 on the advice of Captain de Quincey Midgeon, Manhattan was purchased.

Post this time – notable and influential bulls.

- Rawdon Vale Marsden sire of Yarram Barassi – who sired Yarram Echo 2. His females proved to be very successful when mating to Canadian sires.
- Amongst others Devon Court, Emperor 72, Mycara Rocky.
- 1983 commenced a program of acquiring top Canadian sires – largely from Bar Pipe Herefords and Little Red Deer at Calgary.
- It was at this time that the Australian Herefords had got small, this proved to be successful. Making sure that suitable cattle for Australian conditions were purchased.
- High Voltage and Hotshot were used extensively in this program.
- Approximately 10 bulls with Australian rights were purchased, sons of these sires were used for quite sometime.
- Yarram Pompeii by Courallie Pompeii proved an instrumental sire for a long time at Yarram Park.
- Notably Yarram Star General, Yarram Legion, Glendon Park Storm, Chamock Jackel, Mawarra Unique C041, Bowmont Storm and Glendon Park Empire had a very big and long impact on the breeding policy at Yarram Park.
- Vena Park Lottery was used, and produced X122 Lottery he was sold as a commercial bull and semen was used extensively siring Lottery H220 and M089.
- The Unique, Empire, Lottery, Storm, Yarram Pompeii and Star General lines have persisted.
- More recently Days Horizon was purchased – first poll bull.
- Mawarra Superior by NZ bull Koanui Techno and Talbalba Emperor have been purchased recently - both breeding well.
- 2024 - four Bulls were purchased at Wodonga. 3 Mawarra Bulls including, Mawarra Whiteout - Grand Champion and Mawarra Western Star - Senior Champion, these Bulls have been used extensively in this year's joining.

YARRAM PARK HEREFORD STUD

The **YARRAM PARK** Hereford Stud was established in 1940 when 15 of the best females in the Woodhouse stud, Penrith, Victoria, were selected by John Baillieu. These females were by Timor Rotorum, who was first in a very strong class at Sydney Royal in 1940. The Woodhouse stud had been conducted for some years by the Baillieu family to breed bulls for the large commercial herd on that property.

Golf Hill Facsimile was selected for Yarram Park by the late Jack Tanter to use on the Woodhouse females, being purchased from Golf Hill for \$2,100. He was by

VERN JAMES (Imp.) as calf at The Varn.

Astwood Nascent (Imp.), whose female descendants have proved great breeders in many studs.

Coliban Major, the next bull used, was a particularly good son of **Golf Hill Facsimile**, who was junior champion and senior reserve at Sydney in 1945 when he topped the sales of all breeds at \$5,250. **Coliban Major**, who had great substance and heavy fleshing, was used for several years with considerable success.

To that point the primary objective at Yarram Park had been to breed bulls for use in the commercial herd.

It was decided in 1955 to expand and improve the stud.

As the first step, 15 females were purchased at the Colly Creek dispersal, being principally by Marlow Debit (Imp.) and Rose Barge (Imp.). These females and their daughters, mated mainly to **VERN JAMES (Imp.)**, have provided some of the most significant breeding lines.

Further opportunities were taken in the next few years to develop the stud progressively, purchases being made from Albany and Bon Soil at those dispersals and also from South Boorook and Midgeon. A number of females by **Vern Imperious (Imp.)** were also purchased from Ardie and three females by **Vern Lotta (Imp.)** from Turke.

Cuppa Caramul, by Marlow Airman (Imp.), from a **Vern Virekier (Imp.)** dam, was purchased at 1956 Sydney Royal for \$2,310. This bull was used lightly for several years and left a number of very useful females that are still breeding.

It was decided that year to import a sire from The Varn, and as Captain R. S. de Quency, of The Varn, had visited Yarram Park earlier that year and had seen the stud, he was asked to select a bull. This led to the importation early in 1957 of **Vern James (Imp.)**. This sire was by **Vern Flook** and from Dowager Lady Vern 45th by **Vern Dick**.

LIVESTOCK AUCTION TERMS AND CONDITIONS OF SALE

CHAPTER ONE - PRELIMINARY

1. (a) A vendor is bound by these terms and conditions by offering livestock for sale by auction.
- (b) An agent (which includes an auctioneer) is bound by these terms and conditions by conducting an auction sale.
- (c) A buyer is bound by these terms and conditions by bidding at auction.
- (d) **Competition and Consumer Act (Cth) 2010**

It is unlawful for parties that are, or otherwise would be, in competition with each other to make, or give effect to, a contract, arrangement or understanding that contains a provision relating to:

- i. price-fixing; or
- ii. restricting outputs in the production and supply chain; or
- iii. allocating customers, suppliers or territories; or
- iv. bid-rigging; or
- v. collusive bidding.

Large fines and other sanctions may be imposed for unlawful conduct.

2. (a) In these terms the expression auctioneer, agent, buyer and vendor respectively includes the servants, contractors and agents of each of them. The auctioneer, agent, buyer and vendor shall be wholly responsible for the acts and omissions of their respective servants, contractors and agents. The term "auctioneer" includes, so far as the law and context permits, the vendor's agent.
- (b) When used in these terms the expressions "companion animals" means all animals originating from the same property on a particular day. Where lots are split and sent to multiple establishments, then all of these animals shall be regarded as companions.

3. The following applies in interpreting these terms and conditions:

- (a) The following words have the following meanings:

Fees means all levies, charges, fees, costs and other expenses incurred or relating to these terms and conditions and the sale and purchase of livestock including, without limitation, transaction levies, yard and weigh dues, cartage, advertising and rebates, and whether paid for, or incurred, by the agent;

Livestock means animals auctioned pursuant to these terms and conditions; and

Price means the amount at which the lot has been sold to the buyer referred to in clause 7 of these terms and conditions

- (i) plus any Fees and other expenses incurred in relation to the purchase of livestock that are payable by the buyer; and
- (ii) plus any GST added in accordance with clause 12.

- (b) These terms and conditions are subject to legislation or regulation in the State in which the auction is conducted and in the event of any conflict then the legislation or regulation will prevail. The provisions of these terms and conditions are in addition to, and do not derogate from, the duties and rights of vendors, agents and buyers set out in legislation and regulation in the State in which the auction is conducted.

CHAPTER TWO - STANDARD TERMS OF SALE

4. Subject to any reserve price, and to the right, prior to the fall of the hammer, of the vendor to withdraw any lot without declaring the reserve, the highest bidder shall be the buyer.

5. The auctioneer has the right to bid on behalf of the vendor provided that right is notified prior to the commencement of the sale and is subject to State law.
6. A bid cannot be made or accepted after the fall of the hammer unless, in accordance with clause 8, the auctioneer decides to put the lot up again.

7. Prior to the fall of the hammer the auctioneer shall announce the last bid and receive any further bids. The last price called by the auctioneer at the fall of the hammer shall be the amount at which the lot has been sold.

8. In the event of a disputed bid, the auctioneer is the sole arbitrator of the successful bidder or the auctioneer may decide to put the lot up again. The auctioneer's decision is final.

9. The auctioneer may refuse to accept any bid which, in the auctioneer's opinion, is not in the best interest of the vendor and need not give reasons for doing so.

10. A bidder shall be deemed to be a principal unless, prior to bidding, the bidder has given to the auctioneer a copy of written authority to bid for or on behalf of another person.

11. The successful bidder at a livestock auction sale must give to the auctioneer at the fall of the hammer:

- (a) the purchaser's name; or
- (b) the bid card number which identifies the purchaser; or
- (c) the name of the person on whose behalf the successful bid was made; and
- (d) the Property Identification Code (known as the "PIC") of destination.

12. The auction shall be conducted on the basis that the bid price shall be exclusive of Goods and Services Tax (GST). GST shall be added after the fall of the hammer for those sales subject to GST.

13. The vendor warrants;

- (a) That the vendor has (or will have) the right to sell the livestock at the time of delivery; and
- (b) That the purchaser will obtain title on completion of the purchaser's obligations under this contract including payment.

14. If a buyer does not comply with any of these terms and conditions, which includes the requirements of State law, any livestock knocked down to that buyer may be re-sold by public auction or private contract in whatever lots and manner the auctioneer decides. The re-sale may be with or without notice and shall be at the buyer's risk. The buyer is responsible for all loss and expense arising out of a re-sale and is not entitled to any resulting profit.

15. The buyer of livestock must pay the agent the full amount of the purchase price in immediate funds on receipt of a tax invoice. Payment is required prior to delivery unless some other time for payment is specified in an agreement between the buyer and the auctioneer that was made before the fall of the hammer. If, before delivery, payment has not been made then clauses 20 to 23 apply.

16. No person may bid unless, prior to the commencement of the sale, that person has made arrangements satisfactory to the auctioneer for payment for livestock purchased. If bids in breach of this condition are inadvertently accepted, delivery shall not be given until the purchase money is paid and any law, rule or practice to the contrary is accordingly negated as far as possible.

17. (a) Cattle sold on a liveweight basis that are weighed pre-sale are at the risk and expense of the buyer upon the fall of the hammer.

- (b) Cattle sold on a liveweight basis that are weighed post-sale are at the risk and expense of the buyer immediately after weighing.

- (c) All livestock other than cattle sold on a liveweight basis are at the risk and expense of the buyer upon the fall of the hammer.

18. (a) Subject to this clause the sale is complete on the fall of the hammer.

- (b) The time for rejection is the time commencing at the fall of the hammer and ending at the first of:

- (i) delivery is taken by a representative of the buyer;
- (ii) departure of the animal from the purchaser's delivery pen; or
- (iii) one hour after the last animal is:
 - a. in the case of pre-sale weighing, sold; or
 - b. in the case of post-sale weighing, weighed.

- (c) During the time for rejection the buyer may reject any animal which is lame, blind or diseased where that condition existed prior to the fall of the hammer but could not be reasonably observed when the animal was in the selling pen.

- (d) If the purchaser rejects an animal during the time for rejection then the sale of that animal is cancelled and the animal is returned to the vendor or sold on such terms as any buyer and the agent may agree, after the agent has disclosed the reason for rejection to that buyer.

- (e) This subclause applies only to cattle which are sold in Queensland at auction for slaughter. The agent has responsibility for the prevention of loss or escape (but not death, sickness or injury) of those cattle from the time of the fall of the hammer, for delivery to and from the scales, to the buyer's delivery pen and onto the buyer's nominated transport. This responsibility ends at the earlier of those cattle boarding the buyer's nominated transport or sunset on the day after the sale. This

subclause does not apply if the agent makes an announcement to that effect prior to sale.

19. (a) Subject to the right of rejection in Clause 18, all conditions and warranties expressed or implied by law are hereby excluded from the sale to the extent that the law allows. All lots are open for inspection prior to the commencement of the sale and are sold with all faults, if any. No compensation shall be given for any faults, imperfections, errors of description, number in or of any lots sold or otherwise.

- (b) Any claim or objection arising out of an error or misdescription in the provision of relevant information in terms of legislation or regulation concerning the National Livestock Identification Scheme (NLIS) must be made by 5:00pm on the seventh day after the fall of the hammer. No objection, requisition or claim against the vendor or agent in respect of such error or misdescription can be made after that time.

- (c) Any statements made by the vendor or the auctioneer whether in writing or orally to the effect that any female has been pregnancy tested or scanned positive shall mean and require only that a certificate in writing shall be supplied to the buyer signed by a qualified veterinary surgeon or certified scanner certifying that the said female has been tested or scanned on the date specified in the certificate and that in the opinion of the surgeon or scanner was pregnant on that date.

- (d) For slaughter cattle, the agent undertakes to make every reasonable effort to ensure that any NLIS cattle device number is transferred from the saleyard PIC to the purchaser's PIC on the NLIS database no later than midnight on the day of the sale.

- (e) For other slaughter livestock the agent undertakes to make every reasonable effort to ensure that the NLIS information is transferred from the saleyard PIC to the purchaser's PIC on the NLIS database no later than midnight on the day of the sale.

- (f) Where livestock have a food safety or market eligibility status derived from the National Vendor Declaration (NVD) and/or the NLIS/ERP database, the agent will inform the buyers by pre-sale catalogue and/or announce the status prior to the offering of those lots.

20. If delivery is made to, or possession obtained by, the buyer or its representative before full payment of the Price, then until full payment is received, the buyer:

- (a) does not acquire title to the livestock;
- (b) holds the livestock as bailee only for the vendor;
- (c) must act in a fiduciary capacity in its relationship with the vendor;
- (d) must store the stock separately or so that they are readily distinguishable from other livestock owned by the buyer;
- (e) is responsible for the safety and well being of the livestock;
- (f) may make a bona fide sale for market value of any or all of the livestock. As between the buyer and the subsequent buyer, the sale shall be made by the buyer in its own name and not as agent for the vendor, however as between the vendor and buyer, the sale shall be made as bailee and agent for the vendor; and
- (g) must keep and account for the proceeds of any subsequent sale separately from its other money and hold those proceeds, together with the benefits of any rights against subsequent buyers, on trust for the vendor.

21. The purchaser agrees that:

- (a) Clause 20 creates a registrable security interest under the Personal Property Securities Act (Cth) 2009 (PPSA);
- (b) The Purchaser acknowledges the rights of the Seller (and/or the Agent if Clause 25 applies) to register a financing statement under the PPSA with respect to the security interest created by this clause;
- (c) The Livestock are collateral for the purposes of the PPSA;
- (d) to the extent permitted, the Purchaser waives any right the Purchaser has under the PPSA to receive notices; and
- (e) the date upon which the security interest created by this clause comes into force is the first date on which livestock are delivered pursuant to this contract

22. The buyer may not make any claim against the vendor for actions by the vendor or its agent under clauses 20 or 21 and indemnifies the vendor and its agent against any loss, damage, costs, expenses, penalties, fines or claims suffered by the vendor, the agent or any person or entity arising from the vendor exercising its rights under clauses 20 or 21.

- 23.1. Clause 23 applies whenever the agent pays the vendor before being paid by the buyer, which the agent is not bound to do. The agent is then the *credere* agent of the vendor at law.

- 23.2. The vendor hereby gives notice to the buyer of the assignments referred to in clause 23.3.

- 23.3. When this clause applies, in addition to any rights of the agent that arise by operation of the law, the parties agree that, subject to clause 23.5 the agent is subrogated to all rights of the vendor under these terms and conditions against the buyer.

- 23.4. The vendor acknowledges that the agent may take enforcement, repossession or other action to recover any livestock for which the buyer has not paid in full, or the Price of such livestock, owing by the buyer under these terms and conditions:

- (a) when this clause does not apply, as agent of the vendor (including by reselling the livestock); and
- (b) when this clause applies, on the agent's own behalf exercising the rights of the vendor by subrogation or assignment under these terms and conditions (whether in the vendor's name or not) and, where title to the livestock has not passed to the agent, by selling the livestock as agent of the vendor without the agent having to account to the vendor for the proceeds of sale.

- 23.5. The agent may at any time, assign, transfer, securitise or otherwise dispose of all or any of its rights under these terms and conditions and any debts created pursuant to it (including, without limitation, the rights assigned to it under clause 23.3).

- 23.6. The vendor hereby irrevocably appoints the agent as the vendor's attorney to:

- (a) do at any time and in any manner as the agent thinks fit all acts necessary or desirable to perfect or improve the rights and interests afforded, or intended to be afforded, to the agent under these terms and conditions; and
- (b) appoint one or more sub-attorneys to do anything that the agent may do as the vendor's attorney.

- 23.7. These terms and conditions do not render the agent liable to the buyer as vendor nor entitle the buyer to set off against the agent any right the buyer may have against the vendor or otherwise.

- 23.8. The buyer acknowledges that the provisions of this clause 23 are intended solely for the benefit of the agent (and its assigns) and the vendor. The liabilities and obligations of the buyer will not be in any way affected:

- (a) by this clause 23, other than as it expressly provides; or
- (b) by the failure of the agent or the vendor or either of them to comply with the terms of this clause 23.

- 23.9. The buyer must pay all amounts payable to the vendor or the agent under these terms and conditions without any deduction, withholding, set off or counterclaim whatsoever, whether the benefit of a deduction, withholding, set off or counterclaim is alleged to exist in favour of the buyer as against the vendor or the agent in any capacity whatsoever or any other person including any assignor of the vendor's or the buyer's interests under these terms and conditions.

24. (a) The agent agrees that he is liable to pay to the vendor the Price, less such commission as is agreed between the vendor and the agent, and in the absence of any agreement such amount as is reasonable, and less the Fees that are payable by the vendor that were incurred by the agent on behalf of the vendor in relation to the sale of the livestock.

- (b) In the event that the buyer pays the Price or part of it direct to the vendor then the agent has no liability to the vendor for the amount of such payment. Further, if the agent pays the vendor any amount which the buyer also pays direct to the vendor in respect of the same livestock, then the vendor must repay the agent that amount and the agent may debit that amount to an account held in the name of the vendor by the agent.

- (c) Regardless of whether or not a sale has occurred the agent may, but is not under obligation to do so, instead of deducting payments owed to it by the vendor, debit the amount of the commission and fees to an account held in the name of the vendor by the agent.

25. (a) The auctioneer has been retained by the vendor as auctioneer for the purpose of selling the livestock comprised in the lots. The terms of

engagement between the auctioneer and the vendor do not extend to the provision of advice by the auctioneer to the vendor in relation to the safety or otherwise of the sale ring, the saleyards and the surrounding environments.

- (b) The vendor, the agent and the buyer agree to comply with their several duties under the Australian Animal Welfare Standards and Guidelines for the Land Transport of Livestock and further to consign, manage, receive, transport and handle livestock in accordance with any other or additional requirements of animal welfare legislation specific to the jurisdiction in which livestock are consigned, managed, received, transported and handled in the course of the auction process.

CHAPTER THREE - VENDOR WARRANTY FOR CORRECT PRESENTATION AND DECLARATION

26. This chapter applies only in the case of livestock and their companion animals sold at auction for slaughter when the buyer is the slaughterer and the livestock are transported direct from the sale yard to the meatworks at which they are slaughtered. This chapter does not apply if the buyer is a trader who subsequently resells the livestock to a slaughterer. A slaughterer is any person who pays the AMPC Processor levy.

27. The warranty of a vendor is that livestock and their companion animals offered for sale at auction:

- (a) pass government and other regulatory authority requirements and inspections at the time of slaughter;
- (b) are of merchantable quality;
- (c) carry an NLIS device in accordance with State law;
- (d) in the case where a representation has been made in the pre-sale catalogue that the livestock have particular characteristics or are fit for a particular purpose or market, and such representations are based on information in any document, the livestock will have those characteristics or will be fit for the particular purpose or market; and
- (e) all information in any document provided by the vendor is true, complete and correct in all material respects.

28. In the event of a breach by the vendor of the vendor's warranty and provided such breach is notified by the buyer to the agent by 5:00pm on the 7th day after the fall of the hammer then the buyer is not liable to pay the portion of the Price of such of the vendor's livestock to which the breach applies.

29. However if the breach by the vendor is such that the livestock are not rejected outright but are instead downgraded then the buyer will pay the value of the livestock at their next highest and best use.

30. In the case of a breach by the vendor of the vendor's warranty then the vendor will also be liable to the buyer for any further losses which the buyer might establish but the buyer will take all reasonable steps in co-operation with the agent and vendor to mitigate both the effect of the breach and the amount of any loss.

31. Where a sentinel animal of a lot tests positive for chemical residue, or foreign material contamination and provided such test is certified and notified as required by these vendor warranty terms, then:

- (a) the buyer will be entitled to delay payment for the price of all livestock in that lot only; or
- (b) the vendor has the option, at the vendor's cost, of collecting the companion animals, if allowed by law; or of having the livestock slaughtered in which event the risk of further condemnations will be that of the vendor. Where product integrity is potentially jeopardised, the Processor has the right to refuse slaughter and send the livestock back to the consigning property at the vendor's cost.

32. The auctioneer is liable to the buyer in respect of any breach of the vendor's warranty arising out of:

- (a) any error, by the auctioneer, of transcription of information from the NVD completed by the vendor to the pre-sale catalogue or the buyers post-sale summary;
- (b) any failure by the auctioneer to notify the buyer, prior to bidding, of any breach by the vendor of the warranty of the vendor if the buyer establishes that the agent knew of such breach prior to the sale; and
- (c) any failure by the auctioneer to announce prior to bidding, or disclose in the pre-sale catalogue, that the vendor has failed to provide a NVD that is complete in all material aspects.

CHAPTER FOUR - OWNERS RISK FOR CONDITION OF CATTLE

33. This chapter applies only in the case of cattle and their companion animals sold at auction for slaughter when the buyer is the slaughterer and the cattle are transported direct from the sale yard to the meatworks at which they are slaughtered. This chapter does not apply if the buyer is a trader who subsequently resells cattle to a slaughterer. A slaughterer is any person who pays the AMPC Processor levy.

34. Owners risk reflects the producer's responsibility to provide slaughter cattle for sale that are fit for human consumption. Cattle are fit for human consumption if they are not condemned as unfit by government. Owners risk applies if the condemnation is due to a condition in the animal which the buyer establishes, by the relevant government certificate, existed prior to the fall of the hammer.

35. A buyer with the benefit of owners risk protection is not liable to pay the Price of that animal to the vendor. The buyer remains nevertheless liable for all costs incurred after the fall of the hammer in transport, slaughter, testing and disposal of the animal.

36. Owners risk protection is available to the buyer of cattle to which this chapter applies if all of the following are satisfied:

- (a) a certificate is issued by government which states the relevant NLIS RFID tag number and PIC, the date of the certificate, the reason for condemnation and that the reason for condemnation existed prior to the fall of the hammer;
- (b) the certificate is received by the selling agent either in its original form or by fax or electronic communication in the form of data, text or imaging by 5:00pm on the 7th day after the fall of the hammer; and
- (c) if the condemnation is due to chemical residue the certificate follows testing in a government approved laboratory which establishes maximum residue limits in excess of the Australian limit.

37. Owners risk does not apply, and the buyer must pay for the cattle, if the reason for condemnation is any of bruising, fever, partial condemnation or emaciation.

CHAPTER FIVE - NOTICES REQUIRED BY LEGISLATION

NSW Property, Stock and Business Agents Act 2002 Warnings

Penalties for collusive practices. It is an offence against the Property, Stock and Business Agents Act 2002 for a person to do any of the following as a result of a collusive practice, or to induce or attempt to induce another person by a collusive practice to do any of the following:

- (i) to abstain from bidding; or
- (ii) to bid to a limited extent only; or
- (iii) to do any other act that might prevent free and open competition.

Severe penalties may be imposed on persons convicted of collusive practices.

The auctioneer has the right to make one bid on behalf of the vendor if the auctioneer clearly and precisely announces that fact prior to the sale.

Tasmania Legislation. An auctioneer conducting a public auction must not appear to acknowledge the making of a bid if no bid was made. A person must not participate in collusive practices by way of making or receiving an unlawful promise to abstain from bidding, not to bid except to a limited extent or do any other thing which may prevent free and open competition.

WA Auction Sales Act 1973 s31 NOTICE

It is an offence to:

- (i) induce or attempt to induce another person to abstain from bidding by means of a promise, expressed or implied, that the other person will have the right to elect to take over as buyer or to toss or draw lots to establish who is to become the owner;
- (ii) abstain or agree to abstain from bidding as a result of such a promise;
- (iii) knowingly enter or permit or cause to be entered in the auctioneer's record any name other than that of the actual successful bidder;
- (iv) enter in the auctioneer's record the name of the buyer other than that of the actual successful bidder; or
- (v) in the case of successful bidder supply wrong information as to the name of the buyer to the auctioneer or to any person, firm or corporation on whose behalf the sale is conducted.

The vendor, or any person on behalf of the vendor, or the auctioneer have the right to make no more than three bids.
